General Provisions

1. "%" refers to (i) for structured products, derivatives on structured products – to percentage of the notional amount (ii) for other financial instruments - to percentage of the amount of the transaction (quantity multiplied by the price of execution plus accumulated coupon interest (when applicable)) (iii) for safekeeping fees and Investment advisory fees - to the value of the balance of securities calculated and for the purposes of safekeeping fees calculation of the year shall be considered to be 360 days;

2. The fees for execution of transactions will be calculated on the date of the relevant transaction (trade date) and will be paid when such a transaction is settled and paid (charged at the end of each month).

3. Safekeeping and Investment advisory fees are charged at the end date of each month according to specified fee applied to one month. For the purposes of calculating Safekeeping and Investment advisory fees, Net Assets Value of the Client's portfolio shall mean Net Assets Value of all Client's assets in the account opened by Client with AMWL under all Services Agreements. For the purposes of calculating Investment advisory and Safekeeping fees Net Assets Value does not include cash positions. For the purpose of calculating Net Assets Value, AMWL uses the Net Asset Value methodology of custodians where the securities are kept. In cases where the same security is kept with several custodians, the Net Asset Value methodology of the main custodian is applied. The main custodian shall mean the custodian where most of securities are kept.

Certain over-the-counter (OTC) derivative transactions, including derivatives referencing structured notes, are not valued based on observable market prices. In the absence of independent market quotations and due to the bespoke nature of such instruments, these transactions are calculated at their transaction (purchase) price for the purpose of fees calculation.

All fees are calculated in USD and rounded to two decimal places. Net Asset Value of each security is applied to the last day of the month or the last available Net Asset Value at custodian.

4. Maintenance fee is calculated for non-invested cash positions, for open derivatives position on daily basis according to the balance of cash positions, open derivatives position and charged at the end of each month as total sum of daily calculation for the particular month. Maintenance fee is calculated in USD according to the FX rate for the particular date, provided by the main custodian, maintenance fee is rounded to two decimal places.

5. In case Client Services Agreement terminated for any reasons or in case of external transfers, safekeeping and maintenance fees, Investment advisory fees will be calculated depending on the actual number of days between the first day of month (or first funding in case it was in the same month) and the date of the order for the external transfer plus 3 business days for processing external securities transfer. For the reason to calculate fees AM Wealth takes market value of the balance of securities and cash position applicable to the previous day of the order date for particular position.

6. All applicable fees are charged in USD. For securities quoted in base currency differential from USD – FX rate including deviation will be applied. This deviation is determined by the bid-ask spread, which is the difference between the buying (bid) and selling (ask) prices in the foreign exchange market.

7. In addition to the fees indicated above, the Client shall be responsible for paying the fees and charges imposed by any Clearance System, Securities System, Market Infrastructure, agent, delegate or broker incurred on the Client's behalf and such fees and charges shall be deducted on the date when such fees imposed by the indicated above counterparty to AM Wealth Limited.

8. VAT will be added to all commissions, fees and charges at the applicable rate (for UAE residents that have a valid Emirates ID the rate is 5%, for UAE non-residents the rate is 0%).

9. The account will be subject to a minimum monthly fee of (USD 500) to be deducted on monthly basis should the sum of Maintenance (for non-invested cash and open derivatives position) and Safekeeping Fees fall below that amount in any given month. Investment advisory fee is not included into account for minimum fee calculation, it is taken in addition to it.

10. In the event of deficiency in money, AM Wealth is authorized to sell any securities held in the Account, at its absolute discretion, and/or to make at sole discretion currency conversions and debit the Account to the extent of such outstanding fees/expenses. AM Wealth shall not be held liable where any losses to the Account arise due to such transaction. In the event of deficiency in money and inexpediency of Client asset sale/currency conversion an invoice for payment of fees/ expenses may be issued by AM Wealth to the Client.

11. If the first funding was credited by the Client in the course of a month, then the Maintenance and Safekeeping Fees or Minimum monthly fee, Investment advisory fee will be calculated on pro rata basis according to the number of days from first funding till the end of month.

12. AM Wealth is acting as broker but not banking organization. AM Wealth can arrange placements at fixed deposit at bank or any other instruments of money markets through third party as per Client's order. Safekeeping fee and minimum relationship fee are not applicable for placements at fixed deposit at bank.

13. Equity can be considered as equity, ETF, mutual funds. In case of any other fees are applicable to equities, additional information will be provided to the Client by email.

14. All terms and conditions of cash management facility are stated in standing instruction for cash management facility. The instruction is signed in order to enter cash management facility.

15. For Placements of fixed deposit at bank and cash management facility only Brokerage Fees are applied, AM Wealth Limited does not accrue Safekeeping and Investment advisory fees for these products. Investment advisory fees are not taken for non-invested cash positions.

16. Additional Costs and Charges for Derivative Transactions: In relation to over-the-counter derivative transactions, including derivatives referencing structured notes or similar instruments, the Client acknowledges and agrees that additional costs and expenses may arise at the level of the counterparty or its affiliates. The Client agrees that such costs may be incorporated into the pricing of the transaction or otherwise passed on to the Client, and may reduce the overall return on the investment.
